

**Chimamanda Ngozi Adichie is the Nigerian author of the novels *Purple Hibiscus*, which won the Commonwealth Writers' Prize and the Hurston/Wright Legacy Award, and *Half of a Yellow Sun*, which won the Orange Prize.**

It's not every critically acclaimed author that gets sampled by Beyoncé. But Chimamanda Ngozi Adichie and her now famous TEDX talk "We should all be feminists" is spreading feminism further across the world. The talk is now a published book and a great short read. If you haven't read "Americanah", "Purple Hibiscus" or "Half a yellow Sun" I strongly suggest you do. Her writing encompasses race, politics, gender and the history of Nigeria. As you can see, I am a big fan and met her at a Guardian book signing last year.
